(e) All hours of opening and closing shall be Pacific Standard Time.

Section 4. Closed Seasons

(a) All convention waters shall be closed to commercial halibut fishing except as provided in Section 3 of these regulations, and the retention and landing of any halibut caught during any closed period shall be prohibited.

(b) These regulations shall not prohibit the fishing for species of fish other than halibut during the closed halibut seasons, provided that it shall be unlawful for a vessel to have halibut aboard, or for any person to have halibut in his possession while so engaged. Section 5. Catch Limits

Section 7. Licensing of Vessels

(a) All vessels of any tonnage which shall fish for halibut in any manner or hold halibut in possession in any area, or which shall transport halibut otherwise than as a common carrier documented by the Government of Canada or of the United States for the carriage of freight, must be licensed by the Commission, provided that vessels of less than five net tons or vessels which use hook and line gear other than setlines need not be licensed.

(b) The halibut license must be carried on the vessel at all times and shall be subject to inspection by customs and fishery officers of the Governments of Canada or the United States (hereafter called the Governments) or by representatives of the Commission.

(c) The halibut license shall be issued without fee by the customs officers of the Governments of Canada or the United States, by representatives of the Commission or by fishery officers of the Governments of Canada or the United States, at places where there are neither customs officers nor representatives of the Commission.

(d) The halibut license of any vessel fishing for halibut in Area 4 must be validated at Sand Point, Alaska, both prior to such fishing and prior to unloading any halibut at any port other than Sand Point, Alaska. This validation shall be by United States customs or fishery officers or by a representative of the Commission.

(e) A halibut license shall not be valid for halibut fishing nor for possession of halibut in any area closed to halibut fishing except while in transit to an area open to halibut fishing, or to or within a port of sale. The license shall be invalid for the possession of halibut if the licensed vessel is fishing or attempting to fish for any species of fish in any area closed to halibut fishing.

(f) Any vessel which is not required to be licensed for halibut fishing under paragraph (a) of this section of these regulations shall not possess any halibut of any origin in any area closed to halibut fishing except while in actual transit to or within a port of sale.

each such locality. This log record shall be retained for a period of two years and shall be open to inspection by authorized representatives of the Commission.

(i) The captain, operator or any other person engaged on shares in the operation of any vessel licensed under these regulations may be required by the Commission or by any officer of the Governments to certify to the correctness of such log record to the best of his information and belief and to support the certificate by a sworn statement.

Section 8. Statistical Return by Dealers

(a) All persons, firms or corporations that buy halibut or receive halibut from fishing or transporting vessels or other carrier shall keep records of each purchase or receipt of halibut, showing date, locality (statistical area), name of vessel, person, firm or corporation purchased or received from and the amount in pounds according to trade categories of the halibut.

(b) These records shall be retained for a period of two years and shall be open to inspection by enforcement officers of the Governments or by any authorized representative of the Commission. Such persons, firms or corporations may be required to certify to the correctness of such records and to support the certificate by a sworn statement.

The daily catch limit by any person is two (2) halibut of any size, caught with a hook attached to a handline or rod, or by spear. After two halibut have been taken by any person, those halibut shall be landed before that person takes more halibut on any succeeding day.

(b) It is illegal for any person to possess sport-caught halibut aboard a vessel when other fish or shellfish aboard said vessel are destined for commercial use (sale, trade or barter).
