19 December 2017

IPHC NEWS RELEASE 2017-33

NEW IPHC WEBSITE LAUNCHED

The IPHC Secretariat is pleased to announce that our new website was launched on Friday, 15 December 2017: <http://iphc.int/>.

Our new website has five categories of content which include '[The Commission](#), [Science and Research](#), [Fisheries](#), [Data](#), [Meetings](#), and [Documents](#)'.

The Meetings section of our website contains all the information about the Commission and its subsidiary body meetings including meeting documents, agenda, schedule, and registration links. Additionally, IPHC publications, meeting documents, and reports can be found and downloaded from the Documents section of the website.

The IPHC Secretariat staff will continue to develop different ways to publish data and statistics for our stakeholders. This is evident through our interactive maps and our online [fishery-independent setline survey](#) data query. Areas we are still developing will be indicated on the website as such and be completed over the coming months.

Updated weblinks:

Noting that the launch of the new website has resulted in new webpage address links, below are a list of a few key pages required for the upcoming 94th Session of the IPHC Annual Meeting (AM094):

- 94th Session of the IPHC Annual Meeting (AM094), containing all documents for the meeting: <http://iphc.int/venues/details/94th-session-of-the-iphc-annual-meeting-am094>
- AM094 participant registration: <https://iphcam094.eventbrite.com>
- The process and guidelines for the development, submission, consideration, and adoption of Fishery Regulations at the AM094: <http://iphc.int/the-commission/fishery-regulations/>

- END -
