To Whom It May Concern:

The University of South Alabama/Dauphin Island Sea Lab, in association with the Prince William Sound Science Center in Cordova, AK, is authorised as follows:

- 1) **Activity:** to capture and retain for scientific purposes up to fifty (50) Pacific halibut (*Hippoglossus stenolepis*) from 45 mm to 350 mm (total length, TL);
- 2) **Location:** Prince William Sound, Alaska, USA;
- 3) **Total number of Pacific halibut permitted:** 50;
- 4) **Permissible fishing gear:** otter trawl;
- 5) **Permissible time period:** 21 July 2020 through 31 July 2020;
- 6) **Principal investigator:** Dylan Kiene, Ph.D. candidate (University of South Alabama).

Pacific halibut obtained under this permit may not be retained for purposes other than the scientific research described herein.

Pacific halibut captured in excess of the limit indicated (50 fish in total), or not meeting the specifications outlined in this permit, must be returned to the sea with a minimum of delay and handling.
